**\$100.00 A WEEK PAID DIRECT TO YOU FOR A DAY, A YEAR, EVEN FOR LIFE BY NEW FAMILY HOSPITAL PLAN!**

CITY OF SALEM—(Special Release)—A completely new kind of Family Hospital Plan that covers every member of the family from infancy to age 70 was announced here today by John A. Farber, president of the nationally-known Service Life Insurance Company of Omaha, Nebraska. From the very first day you or any insured member of your family enters the hospital (except government hospitals, rest homes, spas and sanitariums) for sickness or accident, this plan pays \$100.00 per week directly to you. (This is \$14.28 a day.) Children under 18 are included at half price, with cash benefits for hospitalization of \$50.00 per week. Under this new plan you may return to the hospital as often as necessary, receiving full cash benefits, without time limit. The money is paid directly to you . . . for a day, a month, a year, even for life . . . for just as long as you are hospitalized. The cost is low, according to Mr. Farber, to place this plan within the reach of all. 3c a day is all you pay for adults 18 to 59, only 4½c a day for folks 60 to 70, and just 1½c a day for the youngsters. The new Service Life Family Hospital Plan is available to all in normal good health and covers you and your family for every accident and every common and rare disease after the policy has been in force 30 days. Very serious diseases, such as cancer, tuberculosis, heart disease, diseases involving female organs, hernia, lumbago and sacroileal condition originating after the policy is in force 6 months, are all covered. Mr. Farber states that this plan is issued and guaranteed only by the Service Life Insurance Company, which has assets in excess of \$13,000,000.00. The company invites you to examine this new policy for ten days without cost of obligation. No salesman will call on you, just send your name and address to Service Life Hospital Plan, Dept. 165, Omaha 2, Nebraska.

# A Hymn Is Born

BY CLINT BONNER

**Praise God From Whom All Blessings Flow**  
The most widely sung Christian verse ever written

Colleges in England were filled with roughnecks and Winchester College was no exception. The Roman Church and the Church of England were at such odds that, when the Lord's Prayer was said at Oxford, the vice chancellor sat down and put on his hat. But little orphan student Thomas Ken thought it ought not to be that way. Pat through Winchester by his step-brother-in-law, Ken went to Oxford for his degree, entered the Anglican ministry and came back to Winchester as chaplain. To encourage worship at his alma mater, Chaplain Ken wrote a book he called "Manual of Prayers." In his manual he admonished the boys to "be sure and sing early in the morning and in the night season." That was in 1667, but by 1674 the students were not singing early in the morning and in the night season, so Ken wrote three hymns and inserted copies into each manual. His "Morning Hymn" began:

"Awake, my soul, and with the sun  
Try daily stage of duty run;  
Shake off dull sloth, and early rise  
To pay thy morning sacrifice."

Thirteen verses followed. The last one read:

"Praise God from whom all blessings flow.  
Praise Him all creatures here below;  
Praise Him above, ye angels host,  
Praise Father, Son and Holy Ghost."

Chaplain Ken's "Evening Hymn" opened:

Glory to Thee, my God, this night  
For all the blessings of the light . . ."

Distributed by Illustrated Primitives Syndicate, Birmingham, Ala.

It closed with the same verse as the Morning Hymn . . . "Praise God from whom all blessings flow, etc." And, for those students who might awake in the night, Chaplain Ken wrote a five-verse "Midnight Hymn." It also concluded with "Praise God from whom all blessings flow . . . etc."

There are other dogologies, but it is claimed that this verse has been sung more than any other four lines ever written. The music is a secular tune that was first used for Christian worship in 1551 to the singing of the 134th Psalm. In 1560 it was sung to the 100th Psalm, and has been known ever since as "Old Hundred."

The hymn, "Awake My Soul, and with the Sun," found in many current hymnals, is a selection of verses from Thomas Ken's "Morning Hymn." But it is the single closing verse of his three hymns (with only the change of the word "angelic" to "heavenly") that has carried his name through the centuries.

Ken spent his last 20 years in poverty. When he died at 74, in 1711, his earthly possessions totaled one lute and one worn-out horse. Conforming with his request, the six poorest men in the parish carried his body to the grave. There was no pomp . . . no ceremony. He wanted it that way. As the sun rose, his friends, the poor people, lowered the casket and sang:

"Praise God from whom all blessings flow,  
Praise Him all creatures here below;  
Praise Him above, ye angels host,  
Praise Father, Son and Holy Ghost."

# Confident Living

By NORMAN VINCENT PEALE

## Pray Your Way Through Problems

There is a simple, yet very effective way of meeting your problems and difficulties, however overwhelming they may appear to be. That method is to pray your way through them.

Dr. Peale

ing techniques of prayer and faith. Newspapers and magazines are carrying an increasing number of stories about these spiritual techniques in action.

For example, one national magazine recently told the story of a Mr. Henderson, who operates a large Midwest baking concern. Mr. Henderson doesn't look like a pious man; there is nothing sanctimonious about him. Yet he prays in his office about business problems.

This businessman started his prayer practice because he says he found, after many years in business, that his old mother knew more about how to meet the difficulties of life than he did.

THINKING about her one day he reflected that she had been left a widow at thirty-seven with a large family to raise and no money at all.

"But I saw my mother's life absolutely filled with miracles," he told the magazine writer. "I saw her meet situations, overcome conditions that seemed insurmountable."

"Analyzing her life, I discovered that she had one simple method. She prayed her way through every difficulty. So I decided to adopt that same technique in my own life. And now I find, just as my mother did, that you can pray your way through any situation."

Of course, that is what religion has ever advised perplexed and defeated people: "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you."

How do you go about doing this? I started this column with the word "simple" because I think that is the essence of it. If you want help from God you can get it. It is not complicated. The way to get it is simply to ask for it and to believe you are going to get an answer. The direct method is usually the successful one.

I REMEMBER reading about an economist who wanted to get the late Wendell Willkie to write a foreword for a book he was about to publish. He didn't know Willkie, so, seeking a contact with him, he asked around among his friends until he found a man who had once worked in Willkie's office. "Give me a week or two," this man said, "and perhaps I can make some connection by which you might meet him."

Another friend suggested that he had a friend who in turn had a friend who could introduce him to Willkie. Finally, in desperation, he decided he would call Willkie's secretary directly to see if he could arrange an appointment. He called and a voice answered. The economist gave his name and a few details about himself. "I wonder if you would ask Mr. Willkie," he said timidly, "if he could find a few minutes to see me sometime when he's free."

"I'm free now," said the voice.

## N. Philadelphia Mayor Blasts Phone Service

COLUMBUS, O. (AP)—The mayor of New Philadelphia said today he believes the Ohio General Telephone Co. gives such poor service its rates should be cut, not increased.

The mayor, Fred Schneider, testified at a state utilities commission hearing on General Telephone's application for rate increases totaling \$1,326,812 a year.

"I will not be willing to pay the present rates or the proposed rates even for improved service," Schneider said.

Tells of Phone Troubles

He said the New Philadelphia fire department's phone rang 20 times one day but the firemen who answered never found anybody on the other end of the line. He said third parties are often called in to a private line which serves his office and the city health department. He complained he gets busy signals while dialing, waits 5 to 45 minutes for long distance calls, and his phone goes dead after it rings.

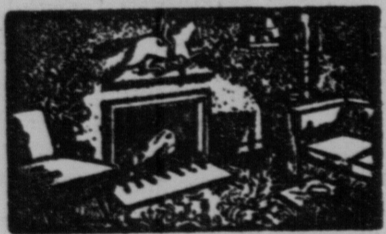

Schneider claimed General Telephone doubled its profit in 1951 over 1950 but still installed "a used and obsolete switchboard" in New Philadelphia.

Service complaints were also made today by Mrs. Lucy Berger and Nelson Baunach of near Salem.

"If the new raise goes through our telephone goes out," said Mrs. Berger.

The commission recessed the hearing until Oct. 29. Still to be taken up are the cross-examinations of C. E. Williams of Marion, company president, and of commission engineers.

"Daddy, give me a PUSH!"

There is a man in our community who doesn't understand the importance of religious education.

He has never taken his little boy to Sunday School because he figures "it's time enough for a child to learn about religion when he's old enough to know what it's all about!"

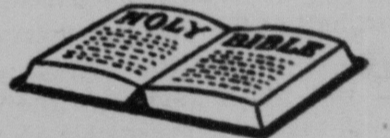

One day his little boy, while sitting on the swing, said "Daddy, give me a push."

Wouldn't you have thought he would refuse? (Time enough for a child to swing when he's old enough to know what it's all about.)

But he gave him a push . . . and another . . . and many more!

Which prompts us to observe that religious education has far more to do with a child's happiness and character than swinging. Those early years in the Church mold moral fibre and awaken spiritual discernment.

The soul of your own child . . . at the threshold of FAITH . . . cries "Daddy, give me a push!"

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Civic Committee's Action

The Salem Civic Committee, composed of citizens working for the good of the community, is never prodigious with endorsements unless those recommendations will help the city and its people.

That's why the Civic Committee's support of three local issues before the electorate Nov. 4 should help voters to realize the importance of these levies in Salem's future.

First, the city's excellent and growing school system could not exist without the funds made possible by the public's renewal of the three-mill operating levy.

Secondly, the six-tenths mill levy for a comprehensive city plan will help Salem forge ahead as a municipality through intelligent, systematic planning and zoning.

And third, the 2.8 mill levy will yield sufficient funds to bring the city of Salem out of its financial embarrassment and provide overdue pay hikes for department employees.

The Civic Committee was sincere, too, in urging that the Board of Health see to it that all food handlers avail themselves of the chest X-ray here next month. The health board should follow through with a definite order to food handling firms. Not just an appeal.

## Record Registrations

Heaviest November vote in history is indicated as record registrations are reported from most states where registration is required.

It is an indication that the people are awakening from the shameful lethargy which has permitted only about half of the qualified voters to choose local and national leaders.

Politically it can mean anything. The secrecy of the ballot makes it impossible to tell whether any party benefits from the great outpouring of men and women to qualify as voters.

The important thing is that the people will speak in November with a voice that will be more truly representative of all Americans. In that lies the strength of the democratic form of government.

In later stages of the campaign there will be a more determined effort than ever before to get these registrants out to the polls. A nationwide doorknob hanger campaign by Boy Scouts is a new feature of the campaign.

This means a harder job than ever before for the candidates and their workers. It means that there are millions more of Americans qualified to cast their ballots. It means more voters for the nominees to sway by their campaigning and for the precinct workers to reach in their personal contacts which are so important in influencing an election.

It means that the officials elected in November will more nearly represent the choice of all the people than in any election within our time.

## Nixon Stands High

The telegraph had its busiest day since Morse ticked out his first message in 1836. More messages were handled as a result of Senator Nixon's dramatic radio and television appearance than on any occasion in history. Republican headquarters says 99 per cent of them were from Americans who urged that the young senator remain as the Republican vice presidential nominee.

The attack on Nixon and his unprecedented response to the people was the dramatic high spot of an otherwise undramatic presidential campaign. It aroused the people as nothing else has done.

His talk was so direct, so simple, so forthright and so human that some critics have called it "corny." That it was the kind of talk which appealed to the people is shown by the tremendous response it evoked.

Now some political experts are saying that he comes out of his dramatic test with a strength he otherwise could not have had. Americans like a man who fights back when the odds are against him. Sen. Nixon's unparalleled frankness and his fighting spirit won the approval of thousands of Americans as the flood of telegrams shows.

## Bedtime For Students

The student body of Oberlin College is distressed because the bus company has reduced its schedule cutting off the bus which used to leave Cleveland at 12:15 a.m. and reach Oberlin at 1:35 a.m.

Now a student who goes to Cleveland for an evening's entertainment must leave for home at 10:15 p.m.

Many of us had the quaint idea that a student either was in bed, preparing for bed or studying at 10:15. Somehow, we find it hard to share the students' discomfiture over the fact that they find it difficult to stay late in the big city.

The change may disrupt their social life but it should prove a help to scholarship which used to be the principal purpose of a college course.

The high C's for girls are chatter, cosmetics, gossamer and camouflage.

# Republicans United

By DAVID LAWRENCE

## Stevenson Remarks Help Opposition

WASHINGTON—Governor Stevenson may not realize it, but every time he refers to the Taft-Eisenhower alliance, he gives General Eisenhower the strongest assist of the campaign—something nobody else could do as effectively. When the governor declares that the Republican nominee has "surrendered" to Senator Taft, he convinces the pro-Taft men who have been skeptics.

For weeks the Republican campaign sagged. Taft supporters were lukewarm. They distrusted pronouncements in Eisenhower's behalf. They felt embittered at the rough treatment given them by the Dewey crowd at Chicago. The General, they believed, was just "me-too" for Truman's policies. And so the friction developed into dangerous proportions that really threatened the unity of the Republican Party and presaged the defeat of Eisenhower in November.

Then everything changed, thanks to the unintended assist from Governor Stevenson, who tells the Taft Republicans that he thinks they really won on principle, after all, and that the Republican nominee now has "surrendered" his convictions.

THAT'S GOOD NEWS for the Taft Republicans everywhere. It is music to their ears. At last they can take off their coats and go to work. For what better proof have they than Eisenhower stands solidly and firmly on good old-fashioned Americanism? Even Senator Wayne Morse of Oregon, whose early support of General Eisenhower puzzled many regular Republicans, said he would "take a walk." Those Taft Republicans who couldn't believe Stevenson's verdict of a "surrender" to Taft could certainly be guided by the decision of the Oregon senator to "take a stroll" and not to campaign actively.

Every time some publication of "left wing" proclivity that has been supporting Eisenhower "reverts to type" and withdraws its support from the general, it helps bring Taft men back to the fold. So everything is rolling now and the prospects of a united Republican Party working in this campaign are better than they have been in many years.

But, it will be asked, will not this Taft-Eisenhower affinity alienate "independents" and cause the general to lose more than he can gain—especially when he needs eight million more votes than Dewey got in 1938? There are two kinds of so-called "independents"—those who were for "Ike" be-

fore Chicago because they wanted to see Taft beaten for the nomination but who in their hearts have been and always will be Democrats, and those who used to be Democrats in 1948 and 1944 and 1940 and in previous years but who now are fed up with the "mess in Washington."

## THE TRUE "INDEPENDENTS"

—and there are millions of them who voted the Democratic ticket before and are now disgusted and indignant over the "Washington mess"—aren't concerned with the fine points of political ideology such as whether "Ike" leans more toward the "right" than the "left," or whether the revised Taft-Hartley Act shall contain one injunction clause more or less. What these true "independents" want to do is to register their protest against irresponsibility, recklessness, corruption, and the entire "mess in Washington"—from the Communist mess to the Korean mess, and from the mink-coat mess to the tax-fix mess.

Governor Stevenson had a piece of political advice given him the other day by President Truman, who said blandly to the newsmen, that he didn't know of any "mess in Washington." That's the veteran politician speaking—admit nothing, concede nothing, and ignore everything that's charged.

The Illinois governor, however, must realize that this is effective campaign technique, and, if he takes a few more lessons from Mr. Truman, he will improve his strategy.

THUS, FOR EXAMPLE, the governor has made a serious mistake in saying he will disavow Democratic nominees for Congress with whose views he doesn't agree. That splits the party in the South. Mr. Truman wouldn't try that tack. He and some of his spokesmen have been arguing that there are "only a few dissidents" in the South. He has ignored the split. Governor Stevenson accentuates it.

The governor can't be rescued on this one unless General Eisenhower helps him by going all out for the Fair Employment Practices Commission, or by advocating an end to filibusters in the senate, or by saying something else which might make the South feel that maybe Stevenson isn't so anti-South after all. One good turn deserves another, and maybe General Eisenhower will oblige the Illinois governor with an assist, too, sometime in the campaign.

# Business Brighter

By SAM DAWSON

NEW YORK (AP)—Fresh signs appear today that the fall pickup in business is getting into its stride.

They help to sweeten up an overall situation that makes many observers uneasy: A production slowdown in some other parts of the world; a falling-off in world trade; a splatter of dividend rate cutting by some U. S. firms; a trickle of earnings reports that show profits still sliding from their year - ago level.

But the immediate future near at hand looks a little brighter.

Retail trade in most cities is running slightly ahead of a year ago. The Federal Reserve Bank reports department store sales edging up by one per cent over last September.

Dun & Bradstreet estimates total retail trade in the nation this week to be from one to five per cent

higher than a year ago, and order volume higher in most wholesale markets.

Chain stores and mail order houses report August sales higher than last year, increases ranging from one to 31 per cent.

Television set sales, production—and in some cases prices—are reported climbing. Westinghouse Electric says sales are up sharply. Allen B. Dumont Laboratories is boosting production to keep up with the sales trend. Admiral plans to raise prices on some models.

Christmas retail sales in the nation's stores should top last year's total, according to Howard P. Abrams, manager of the sales promotion division of the National Retail Dry Goods Association.

Jobs are more plentiful, the Labor Department reports. Since July a number of cities have reported unemployment sharply lower.

The textile industry continues to improve. A few months ago the talk was all of unemployment. Today there's a delivery problem in some lines, with mills reported running behind in filling orders for some synthetic fibers.

The liquor industry has been in the dumps because of a falling off in sales and growing inventories.

## One Man's Opinion

By WALTER KIERNAN

Not only did we pile up the most points in the Olympics but a New Jersey man has since eaten 204 cherry-stone clams in 20 minutes for what must be a world's record, and it has gone unchallenged by Pravda.

This may be significant, anti either the Soviet is preparing to state that it invented the clam or at the moment has a secret five year clam consumption course under way with the intent of springing a new course record on us by '56.

Our man was not entered at Helsinki obviously on specious reasoning by the AAU that clam eating is not an amateur sporting contest.

In fact, there was considerable dog-eat-dog contesting but no man-eat-clam event booked although the disappearance of the 204th cherry-stone in the direction of the human gullet must be at least as exciting spectator sport as the clearing of the fifth hurdle.

The poised runner waiting to lurch forward at the sound of the gun is no more a sight to set the pulse beating wildly than the fat man, clam in hand, mouth open, waiting for the command, "Swallow!"

## Uncle Ef Says

They say there are a lot of the old-time \$2 bills in circulation around Denver, and that they look crisp and new, too. As things are, getting hold of one of them is one way of being sure you've got a whole dollar in your pocket instead of 50 cents.

"C'mon, C'mon—Don't Take All Day"

# The China Problem

By GEORGE E. SOKOLSKY

Governor Herman Talmadge of Georgia, one of the smart men in public life, who brings to politics an unusual directness, answering "yes" and "no" questions without

hesitation the other night on the radio, in answer to a "Meet the Press" question cited an example of what might happen to get him to vote against Stevenson.

I do not have the script before me, having only the ear-print of what he said, which was:

"Governor Stevenson might say that he would pardon Alger Hiss and make him Secretary of State."

Of course, Herman Talmadge was spoofing, giving an exaggerated example of an extreme instance of political stupidity and national betrayal. Stevenson thus far has not indicated that he would do any such thing. Yet, the fact does stand out that for many months now plans have been in the making for the recognition of Soviet China first by the United Nations and then by the United States.

THE GROUND has actually been laid for this sinister arrangement at the meeting of the International Red Cross in Toronto, where the device was tried of having both Soviet China and Nationalist China present. This led to catastrophe, which could have been foreseen by anyone with even half an eye on the Far Eastern situation. The embarrassment to the United States was deep and humiliating.

The communists used this meeting as a sounding board for their accusation that we engaged in germ warfare. Despite the fact that Soviet China has never recognized Great Britain and that British merchants have been imprisoned in China and their businesses wrecked and closed down, it has been British policy

to deal with Soviet China and to sell them goods whenever they could and under whatever conditions might be available.

Our own government has never quite overcome the habit of the "big lie" that Chinese communists are not Marxists at all (although they have been that since 1920) but they are agrarian reformers (which they are only in the strict communist sense of reform by confiscation). The Alger Hiss-Owen Lattimore-Frederick V. Field ideas are too ingrained in the thinking of some elements in the State Department. They have held them too long to turn away from them completely.

Another group in our government has hypnotized itself into believing that Mao Tse-tung might turn himself into a Chinese Tito. There never has been a basis for this but hope springs eternal in the breast of a State Department official who will not do what is right and cannot do what he would like to. Mao Tse-tung has not become Tito or anything else that could help the State Department. He goes his merry way with Stalin.

PRACTICALLY ALL military men from the days of Generals Wedemeyer and MacArthur have favored using Chiang Kai-Shek's troops in Korea. This the State Department continues to oppose, although there have been 120,000 American casualties in the Korean war. Should Chiang's troops be used, it would be an embarrassment

ment to the British and some of our other European allies, who, while they have a voice in this "United Nations" action, do not contribute their just share to the fighting. This involves the whole question of what this war is about, how it is being fought and why we subordinate American practices to United Nations policies.

Governor Adlai Stevenson continues to counsel patience, which is like telling a family to be gay when its breadwinner is dying of a cancer. This war is costing American lives and it is hopeless to expect an American parent to be patient simply because Stevenson tells him to trust to Dean Acheson or whoever may be his successor. Even if Governor Talmadge's suggestion concerning Alger Hiss is obviously far-fetched, and was meant to be, it is nevertheless a fact that we might get someone just as bad, no prospect having presented himself to date. It will help the voters to appraise the candidates if they knew who the Secretary of State is to be.

William L. Holland, of the Institute of Pacific Relations, wrote once:

"... Japan, indeed, may offer a real opportunity to communist China, both in the economic field and to some extent in the diplomatic field, to avoid a too permanent and too close embrace from Russia."

This is a recurrence of the Tito idea, which is a fallacy.

# Be A Regular Blood Donor

"Where," George Washington once asked, "is the man to be found who wishes to remain indebted for the defense of his own property to the exertion, the bravery and the blood of others, without making generous effort to repay that debt of honor and gratitude?"

That's a question every citizen should ask himself every day his country is engaged in any war. Particularly is it a question to be asked in this time of the forgotten war in Korea.

The Korean War is a brutal, bloody business, but because it has been limited in scope, civilians here at home have suffered nothing worth mentioning in the way of material deprivation. Have you ever, during the course of the Korean War, asked for something at a store only to be told by the clerk, "Don't you know there's a war on?"

Too many of us are unaware or forgetful of the terrible things our young fighting men are going through on the shell-ripped Korean hills. We need to be reminded.

Such a reminder comes from the Department of Defense, the Red Cross and the Federal Civil Defense Administration. They are the organizations operating the National Blood Program for the benefit of our war wounded, the sick and injured civilians here at home, and to build a plasma reserve for use in event of a future national emergency.

The National Blood Program knows better than any of us the value of blood in treating the sick and injured. Because of this we should heed its plea that the American people become not just one shot donors but "regular" givers—regular like paying the rent or mowing the yard. Regular like going to the movies every couple of week or playing golf every Saturday.

For remember there are a bunch of guys in Korea who would give their imperiled necks to be home paying the rent or mowing the

yard. To say nothing of playing golf or taking their girls to the movies.

George Washington didn't know a blood transfusion from a cherry tree. But when he mentioned "the blood of others" as a thing we should not remain indebted for, he seems almost to have been speaking autumn days in 1952.

## So They Say

British imperialism has aimed at the subjugation of my country (Iran). If this ungodly and unfriendly attitude continues, we have no other road open to us than breaking off all connections with Britain. —Seyed Kashani, Iranian Moslem leader.

I'm actually enjoying the campaign. All I can think of is politics now, I never know any small talk. —Mrs. Dwight Eisenhower.

I am absolutely opposed to off-the-track betting because it would ruin the sport (horse racing). —Horsemanship Alfred G. Vanderbilt.

If anyone thinks the guerrilla campaign in Malaya isn't inspired by the Kremlin, he's crazy. —Supreme Court Justice William O. Douglas.

No matter what dread attacks may come, America will stand, sheltering, inspiring, indestructible until the end of time. —Elder American statesman Bernard Baruch.

Every failure here in democracy is chronicled all over the world. The Soviets will see to it that everything bad about us is known all over the world. —Mrs. Eleanor Roosevelt.

# Quakers Lose Third Straight Game, Felled By Chaney, 8-6

## Youngstown Eleven Scores Victory Over Barrettmen With TD, Safety; Clipping Penalty Nullifies Score

By SKIP GREENISEN

Youngstown Chaney spotted the Salem Quakers a first period touchdown and then rallied for a touchdown and a safety in the second quarter to spoil Salem's initial home appearance, 8-6, Friday night at Reilly Stadium before a crowd of nearly 6,000.

Coach Ben Barrett's charges were a sorrowful crew following their third loss of the current season since they had the game almost won on two occasions, only to drop it by a mere two points.

However, a clipping penalty in the early part of the third quarter kept Halfback Bill Crookston from completing a 90-yard touchdown run and a tough Chaney line kept the locals from scoring late in the fourth quarter with a goal line stand.

**SHOWING MUCH IMPROVEMENT** over their previous two contests, the Quakers weren't long after the opening whistle in scoring a touchdown and taking a 6-0 lead.

It was midway in the opening quarter after an exchange of punts that Jon Zeigler pounced on a Chaney fumble to give the locals a first down on the Youngstown 15-yard line.

It took the locals just five plays to push it across the goal line with Joe Hrovatic sneaking over from him quarterback position from the two-yard line. Jack Ference's placement for the extra point sailed wide and the Quakers held the lead.

Most of the remainder of the first quarter found the two squads driving toward the other's goal but it was Chaney who held the ball at the end of the quarter, amidst an 81-yard drive which ended just one yard short of the Salem goal line.

Getting a first down on the Quakers' eight, the Chaney Cowboys took three plays to get to the one-yard line before a backfield fumble stopped them and the oval went over to the Quakers on downs.

Salem attempted two running plays from the end zone but found the Cowboys to have a strong line and elected to punt on third down. The fast charging Youngstown line burst through, blocking Joe Hrovatic's attempted punt and were awarded a safety when the ball bounced out of the end zone.

**THE SAFETY CUT** the Salem lead to 6-2 and the Quakers punted the ball from their own 20-yard line. The Cowboys drove the ball back to the 24-yard line but another fumble, one of their five during the evening, gave the Quakers the oval with time running out in the period. However, the Quakers failed to gain any yardage and were forced to punt from their 12.

The ball rolled dead on the Salem 36-yard line and the Cowboys moved to their lone touchdown in three plays. Fullback Jack Jones threw two passes to End John Pavalko and Quarterback John Cantanzini, respectively, for 32 yards. Then the powerful Chaney single wing offense went into effect when Pat Mele plowed over right guard from four yards out for the TD.

The west siders from Youngstown sent Mele over for their extra point, an offside penalty nullified it, and their second attempt, this time in the air, failed and the score favored Coach Ches McPhee's gridders, 8-6.

The Quakers took to the air upon receiving the kickoff but the half ended after Hrovatic has tossed three aeriels for a total of 35 yards.

Following a beauty-laden half-time show with the crowning of the 1952-53 football queen, the Quakers came out with all intent of winning the game. Salem received the kickoff but found they couldn't move the oval and were forced to punt.

The Cowboys drove to the Salem ten-yard line but a vastly improved Quaker defense held the Chaney eleven for four downs and took over on their own ten.

Crookston, who missed last week's game at Ravenna and did not start the contest, hit through right tackle and broke into the Youngstown backfield, shook himself away from the Chaney safety man and led both teams down field, crossing the goal line some nine yards ahead of two Chaney tacklers.

However, Bob Sebo, fullback who had followed down field, threw a block into one of the tacklers and bounced into another Chaney man from the rear and was charged with clipping.

The penalty occurred at the nine-yard line and Salem was penalized 15 yards to their 24. However, from there the locals were held for two plays before Hrovatic faded to throw a flat pass to Crookston.

Rushed hard, the Salem quarterback tossed the oval hurriedly and Bob Yohman, Chaney left end, caught the oval and killed all chances for a Salem TD.

**THE REMAINDER** of the quarter saw neither team threaten as the ball exchanged hands four times. The Quakers took over at their own 27-yard line early in the fourth period and started a drive which was halted within a foot of touchdown territory.

Driving up field to the 40, Salem went into a passing offense from their T-formation and Hrovatic completed three of four passes for 51 yards and the ball lay on the

left tackle, and Jim Hrovatic, who moved to left end, kept the Chaney offense from using too many of their reverses, for which they were noted. The Cowboy offense seemed to power drive through the weak guards most of the game and continually halfbacks would be making the tackles.

John Baker, defensive halfback, and Tom Sweteye, linebacker, were cited by the coaches for their defensive play. Sweteye was moved to linebacker this week and the 136-pounder junior showed up well, especially in the latter half. He needs more aid from the other linebacker and Barrett plans to experiment this week to strengthen that position.

**THE QUAKERS** will have an extra day of practice this week since they won't see action until next Saturday night in Canton's Fawcett Stadium. It will be the locals second appearance in Canton, having been there for the preview contest with Canton McKinley three weeks ago.

Salem's opponent next Saturday will be Canton Timken, who meets the McKinley eleven tonight. The Trojans hold two victories thus far this season, a 26-0 verdict over Akron Ellet in the opener and a tight 14-12 triumph over Girard's Indians last week.

The NCAA also granted permission for televising of the Penn-Notre Dame game in the Philadelphia area and the Michigan State-Michigan contest in the Detroit sector.

The intersectional hue in today's schedule was started last night when Southern California smothered Northwestern, 31-0, for the Trojans' second straight victory. It was close until the last quarter when the Trojans exploded for four touchdowns.

In another intersectional fray Duke scored in the last five seconds to beat Southern Methodist, 14-7. The TD climaxed an 80-yard drive.

Syracuse whipped Boston University 34-21; Boston College nipped Richmond 14-7; Miami (Fla.) walked Virginia Military 45-0, and Detroit took Wichita 22-7 in other night games.

It's difficult to pick the top games on today's schedule. It largely depends on where you live and for whom you are rooting.

Michigan State's Spartans go after their third straight over Michigan of the Big 10. That has happened only once since 1898. The Spartans are favored but the Wolverines should test what many consider a better Michigan State than last year's undefeated outfit.

California, one of the favorites to represent the Pacific Coast in the Rose Bowl, takes on Missouri's Tigers, who almost upset second ranked Maryland last Saturday.

Maryland, perhaps not quite as cocky, meets Auburn.

In addition to the California-Missouri tussle, the West Coast offers such attractions as Texas Christian-UCLA, Minnesota-Washington and Nebraska-Oregon. The only conference game matches Stanford and Washington State.

The Midwest presents Indiana-Ohio State, Iowa State-Illinois, Marquette-Wisconsin and Kansas State-Cincinnati.

In the Southwest and in the Rocky Mountain area there are Oklahoma-Colorado (a Big Seven Conference game), Montana-Wyoming, New Mexico-Brigham Young, Texas Tech-Rice, Houston-Arkansas and Hardin-Simmons-Tulsa.

## Trojans Whip Northwestern

Colleges Open Season With Games Today

**NEW YORK (AP)—**The 1952 college football season comes of age today. All of the nation's powerhouses, headed by top ranked Michigan State, join with the lesser lights of the gridiron in the first big Saturday of the new campaign.

From the rock bound coast of Maine to the sunny climes of Florida and California there will be pigskins in the air.

And for those unable to get to a gridiron there will be the nation-wide telecast of the Ivy League encounter in New York between Princeton, boasting the nation's longest major winning streak of 22 straight, and the thinly-manned but often dangerous Columbia. This is the second of 11 telecasts sponsored by the National Collegiate Athletic Association.

The NCAA also granted permission for televising of the Penn-Notre Dame game in the Philadelphia area and the Michigan State-Michigan contest in the Detroit sector.

The intersectional hue in today's schedule was started last night when Southern California smothered Northwestern, 31-0, for the Trojans' second straight victory. It was close until the last quarter when the Trojans exploded for four touchdowns.

# Yankees Clinch AL Pennant With 5-2 Victory

## Noren, Mantle Homer; Martin Also Stars

By RALPH RODEN

**Associated Press Sports Writer**  
World Series foes, for the first time in five years, will be well rested when the 1952 classic opens in Brooklyn next Wednesday.

The New York Yankees made that certain last night when they defeated the Philadelphia Athletics 5-2 in 11 innings to clinch their fourth straight American League flag and their 19th in the last 32 years. The Dodgers have been taking things easy since Tuesday when they nailed down the National League pennant.

Not since 1947 when the Yanks and Dodgers breezed home have pennant races in both leagues been decided before the final bell.

Last year the Dodgers and New York Giants wound up the regular season tied for top honors and the miracle Giants went on to cop a best out of three playoff series to win the pennant. In 1950 Philadelphia clinched the National League pennant on the final day of the season.

In 1949 both the Yanks and Dodgers won their pennants on the final day of the season. In 1948 Cleveland captured the American League pennant by beating Boston in a one game "sudden death" playoff for the title.

The Yanks tied a rare record in bagging their fourth straight championship. Only other teams to win four consecutive championships were John McGraw's Giants of 1921-24 and Joe McCarthy's Yanks of 1936-1939.

**Martin's Single Brings Victory**

Billy Martin was the man of the hour for the Yanks. The scrappy infielder singled with the bases loaded and two out in the 11th to break a 2-2 tie that enabled the Yanks to take the marbles. A third run scored on an error.

The triumph gave the Yanks a three-game lead over the runner-up Indians and made it impossible for the Tribe to overhaul the Bombers as both teams have only two games left to play.

Home runs accounted for the game's other runs. Irv Noren and Mickey Mantle connected for the Yanks off Harry Byrd, the A's strong-armed rookie righthander. Gus Zernial drove in both Philadelphia runs with a four-bagger off Ed Lopat in the sixth inning.

Lopat yas in hot water throughout the game, yielding 11 hits until he was relieved by Johnny Sain with two out in the ninth. Brilliant fielding, especially by Phil Rizzuto and Noren, saved Lopat's hide.

In the only other American League games, rookie Hershel Freeman pitched the Boston Red Sox to a 3-1 victory over Washington and Saul Rogovin hurled the Chicago White Sox to a 6-2, two-hit triumph over St. Louis.

The Dodgers tuned up for the series by beating the Boston Braves, 8-4. The Brooks used most of their scrubs but the lone regular who played the entire game, Billy

Cox, had a big hand in the victory. Cox knocked in three runs on a homer and single.

In other National League games, the Giants trounced Philadelphia, 8-0, Cincinnati downed Pittsburgh 5-0, and St. Louis swamped Chicago, 10-3.

Sal Maglie gained his 18th victory was relieved by Hoyt Wilhelm in the eighth. Home runs by Al Dark, Don Mueller and Whitey Lockman featured the Giant attack.

Gerry Staley breezed to his 17th victory as the Cards clinched third place. Stan Musial belted a homer and single and increased his batting lead to seven points over the Cubs' Frank Baumholtz. Baumholtz collected one hit in four trips.

## Tribe Faces Tigers In Two Final Contests

**DETROIT (AP)—** Their pennant hopes just a bitter memory, Cleveland's Indians meet the Detroit Tigers today in the first of two games that will conclude their season.

Al Lopez, the Tribe's manager, sent a congratulatory telegram to Casey Stengel after the New York Yankees defeated Philadelphia Friday night and won the American League pennant.

Lopez, still hoping something might force the pennant race into a playoff game between his Indians and the Yanks, had planned to pitch Early Wynn against Virgil Trucks today.

But with the race over, he decided to use Bob Chakales, Dick Rozek or Sam Jones, all relievers. Tribe General Manager Hank Greenberg also was in Detroit, hopeful of swinging a trade with the Tigers that would strengthen some of the Indians' weak spots.

Probably the Tribe's most loyal fan—or at least he used to be—was pondering his fate back in Eastlake, near Cleveland.

He is Lloyd Culp, 40-year-old tavern owner who bet a friend \$400 back in May, 1951, he would not shave until the Indians won a pennant. Now the beard is 10 inches long and he has no alternative but to shave it off and lose \$400 or wait and see if the Tribe comes through next year.

## Salineville Edges N. Waterford, 21-13

Scoring in the first, second, and fourth quarters, Salineville edged New Waterford 21-13 in a six-man football game Friday afternoon at New Waterford.

Mike Mercure tallied both New Waterford TDs in the third quarter.

Salineville opened the scoring in the first period on a 51 yard touchdown jaunt by G. Cunningham. Brammer picked up another six-pointer for Salineville in the second quarter, plunging over after a penalty against New Waterford had carried the ball close to the goal.

Third quarter action was provided

ed mainly by New Waterford. Mercure climaxed two scoring drives with touchdown plunges of 8 and 5 yards to bring the score at the end of the quarter to 14-13.

Salineville moved back into control in the last stanza, scoring its final TD on a 20 yard run by F. McCullough.

## Lisbon, Poland Tie; Wellsville, Salem, E. Palestine Beaten

**By TOM ROSE**  
 East Liverpool's Potters, Columbiana County's football power of 1952, demonstrated anew last night their claim to state-wide prominence by pouncing the New Philadelphia Quakers 48-6.

The Potters are unbeaten in three contests and last week were rated fifth top team in Ohio by the Associated Press.

In other county grid action, Columbiana rolled over North Lima 38-6, Leetonia came from behind to down McDonald, 21-6, and Lisbon and Poland fought to a 6-6 draw.

Wellsville, was defeated by Wintersville 15-0 for the Bengals' first loss of the year. Newton Falls edged East Palestine 20-13. It was the first Bulldog loss of the year. Salem was edged 8-6 by Youngstown Chaney for the Quakers third loss this year.

East Liverpool's power was demonstrated in its ability to put together long sustained drives for touchdowns. The Potters scored in every period.

The first time they took the ball, the Potters moved 68 yards to a TD. Left Halfback Clair Williams plunging across from the 8 yard line for the score.

Late in the first quarter the Potters attack went into high gear again, culminating early in the second period on a pass from Williams to Fullback Eddie Oliver, good for 26 yards and a second Potter touchdown. The TD ended a 64 yard drive by the Potters.

East Liverpool kicked off to New Philadelphia, held them on downs, and then set in motion downfield their third straight scoring drive. Right Halfback Mark Sanford tallied for the Potters on a reverse around left end to complete a 79-yard drive and East Liverpool led at the half, 21-0.

Gaining momentum after the halftime recess, the Potters took the opening kickoff of the second half and in only three plays pushed to their fourth touchdown on a drive of 71 yards.

Clair Williams climaxed the attack with a brilliant 56 yard TD run on a cutback off right tackle. Not much later in the same period the Potters struck again, with Williams again providing the final punch, smashing through the middle of the New Philadelphia line from the 12 for the score.

Continuing their scoring spree despite liberal substitutions, the Potters opened the fourth period with Joe Jackson, shifted from quarterback to fullback, driving across from the 1 yard line to complete a 22 yard push.

The Quakers' lone tally came midway in the fourth canto. Left Half Tony Scalabrino raced around right end 50 yards to score, bringing the score to 41 to 6.

East Liverpool struck back quickly, grinding out a 70 yard drive with Oliver scoring from the 14 on a smash through tackle. Oliver kicked five East Liverpool extra points and Sanford converted once.

**FRED FORNEY** and Earl Hicks each scored twice as the Columbiana Clippers swamped North Lima 38-6 for the first Clipper victory of the year against two losses.

Halfback Forney climaxed a 61 yard drive for the Clippers' midway in first quarter with a touchdown plunge from the 4-yard line. Just before the quarter ended Hicks drove for his first TD of the night, scoring from the 1 yard line. The Clippers had taken over the ball on a blocked punt.

In the second period, Forney brought the score to 18-0 with a dash around end from the 6, climaxed a drive that began on North Lima's 44 yard line. With minutes remaining in the half, Halfback Ray Burkhardt ran around end from the 4 yard line to score for the Clippers and make the halftime score 24-0.

In the third quarter North Lima tallied its only TD, Bill Yoho smashed through the Clipper line from the 1. The North Lima drive began on the Columbiana 34. Columbiana's last period tallies came on a pass of 32 yards and

twisting run of the same distance a short time later.

Quarterback Don McBride tossed to Right End Larry McVay to score six points for the Clippers. Don Greiner's kick for the extra point was good. Then, just before the closing gun sounded, Earl Hicks raced 32 yards down the middle, aided by key line and downfield blocks to finish the scoring for the night. Greiner again converted.

Columbiana substituted freely in the second half to keep down the scoring and give some reserves needed experience.

**LISBON HIGH'S** Blue Devils fought from behind to stave off what looked like their first defeat of the year. Behind 6-0 at the half, Lisbon bounced back in the third quarter to knot the score but was unable to get the conversion or another TD that would have given them a victory.

Glen Adams returned a Poland punt to Poland's 45 where in two consecutive plays Richardson carried the ball to the 33. Quarterback Dean Nicholson then passed to Left End Dick Bosel who was pulled down on the 9. Fullback Sonny Utt plunged to the 2 and then on the next play drove across to tie the score. Nicholson's kick for the extra point was no good.

Poland scored their TD after a 50 yard drive in the second canto. Dan Smolanovich raced off tackle from the 28 to the 4 in the key play of the drive. The Blue Devils' line tightened and held just in front of their goal line for three downs, but Tom Smolanovich finally bulled across for the TD on the fourth down. His try for the extra point by placement was no good, however.

Lisbon tried 21 passes in the game, completing 9. Poland tossed six passes, completing only 1. Lisbon led in first downs 10-5.

A Lisbon touchdown shortly before the half was called back because of a penalty.

**A LARGE "Parents Night"** crowd at Leetonia Stadium was greeted with the second Bears victory of the year, a convincing 21-6 win over McDonald. The Bears have lost one game this year.

McDonald scored in the contest on a short pass from the Quarterback Phillips to Left End Karacher from the six yard line.

The tally came midway in the first period after McDonald had bounced together four first downs on a series of short gains, driving from their own 35 yard line.

In the second quarter Leetonia pulled into the lead after R. Stecker plunged over from the 2, following a 60 yard drive downfield by the Bears. Joe Guido, fullback, converted.

In the third quarter Guido, leading scorer for Leetonia, racked up two quick TDs.

About seven minutes after the half began he stepped around end and raced to paydirt 40 yards away. Then, three minutes later, on an identical play, he sped 30 yards for the tally. His kicks for extra points, were both successful.

In the last quarter, Paul Holisky, standout right end for the Bears, was injured while blocking and may not see much action in next week's game with Minerva. Holisky received a slight concussion.

The Leetonia High School band honored the parents with a half-time musical performance.

## Skippin' Around

By SKIP GREENISEN

A clipping penalty made a big difference in Salem's 8-6 loss to Youngstown Chaney last night and the entire Salem team felt bad about losing the game when they had several chances to win and failed.

The clipping block thrown by Bob Sebo nullified Bill Crookston's 90-yard run and moved the Quakers back to the Chaney 24-yard line during the fabulous third quarter and then a pass interception killed all chances for the locals to score.

It was just one of those breaks that happen to be costly, this one meaning the difference between defeat and victory. Many fans thought the play was called wrong since the forward motion of one Chaney tackler carried Sebo into the rear of another Chaney man, causing the penalty against the Quakers.

**Coach Ben Barrett** was not too well pleased with his backfield offensively after the game. Crookston was the only back that was running hard while Sebo, Nelson Mellinger and George Mordey didn't seem to be having a very good evening.

Quarterback Joe Hrovatic didn't call the right plays near the goal line, Barrett stated following the contest, and as a result found a brick wall Chaney line waiting.

However, Hrovatic and his teammates claim he (Hrovatic) was over the goal line on the fourth down plunge but the head linesman failed to signal so to the head official and the score wasn't allowed.

Coach Barrett said he would make a few minor changes in the Quaker lineup again this week. The Salem mentor was pleased with the results of last week's changes but claims his team still lacks a pair of good working guards, both offensively. Chaney continually gained yardage over center and guards and the Salem linebacks couldn't take up the slack of the guards.

Over the entire game the Quakers again showed improvement over their previous two outings and the Salem coaches believe they will

## Browns Seek Revenge On Rams Sunday

CLEVELAND (AP)—The Los Angeles Rams—the only pro gridder to ever win a "big game" from the Cleveland Browns—move into Municipal Stadium Sunday.

Set to oppose them is a Cleveland club which has been waiting nine months for revenge—a Cleveland club which is convinced its own mistakes rather than Ram power resulted in Los Angeles winning last season's championship game, 24-17.

In all their five years before that day the Browns won crowns.

Coach Paul Brown—smarting out loud ever since—has been making plans in secret for this game, which opens the National League season.

His players say the Cleveland coach is the world's worst loser. If their appraisal is incorrect, it is only because Brown has had so little practice losing.

Time and again he has gone over movies of the title tilt and one thing stands out—the Browns passed too much on a day when quarterback Otto Graham was a mite less accurate than usual.

Maybe that indicates more running for Sunday, especially since Marion Motley's legs are back in shape. The huge fullback had miseries in his muscles last season.

show up better as the season goes along.

The crowning of the Football Girl during the halftime program was the top highlight of the evening off the gridiron. The Chaney band was on hand for a short performance and the Salem High band also gave a short marching program, playing the music for the crowning of the queen.

When Don Gardner heard the score of the Salem-Chaney contest his words were: "Barrett must be working hard with Salem because Chaney is one of the roughest teams in Youngstown."

The sports broadcaster seemed startled at the final outcome and very much surprised. He said Chaney, North, East, Woodrow Wilson and Ursuline would be competing for the city championship with Ray being the weak sister of the city loop.

## Black Will Start Series For Dodgers

BROOKLYN (AP)—Chuck Dressen is toying with a unique switch of his Brooklyn staff for the World Series opener — Joe Black to start and Preacher Roe in the bullpen. Dressen isn't ready yet to name a definite starter for Wednesday.

He'll wait until Monday when the New York Yankee situation is more definite.

But he certainly hints that Black might be the man. "I had Preach warm up before the game," he said in the clubhouse after yesterday's game. "He said his back was fine. Told me he could pitch one day and relieve two days later."

### Keenan

Continued From Page One

Truman Thursday, but that was clearly a possibility.

The situation is ironical for the reason that when Kennan went to Moscow last May, after years of helping shape U. S. policy toward Soviet communism, he went with the avowed hope of restoring normal diplomatic relations and re-establishing some basis of courtesy

and confidence in dealings between the two governments.

The tendency of authorities here now is to speculate that this did not suit Russian purposes at a time when the Kremlin has a great campaign of hate against the United States running inside Russia.

The attack on Kennan is so bitter that according to normal diplomatic conduct it would inevitably mean he would be declared personally unacceptable, leaving the United States no choice but to withdraw him.

### Post May Remain Open

Should he have to be withdrawn under such a Soviet demand now, the belief of responsible officials here is that the post would remain vacant and the embassy at Moscow be run by a diplomat of lesser rank until, at least, a new president takes office here. Whether a successor would then be appointed would depend on the new administration.

American relations with Russia have not been guided for several years, however, by normal standards, and State Department experts therefore felt that what has happened would not necessarily be followed by Kennan's ouster.

What has happened in the Kennan case is this:

Kennan arrived at Berlin Sept. 19 on his way to a meeting of U. S. ambassadors at London. Reporters who met his plane quoted him as saying contacts between Americans and Russian people in Moscow had been reduced to the zero point. It reminded him, he said, of the lack of contact with the German people when after Pearl Harbor he and other U. S. Embassy staff members from Berlin were interned at Bad Nauheim, Germany, for several months. He also commented on certain aspects of Russian life.

Yesterday Pravda, the organ of the Communist party, called Kennan a "slanderer disguised as a diplomat," an enemy of the country and a number of other things, and accused him of conduct unbecoming a diplomat.

He had been attacked before he was assigned to the Moscow job but not so bitterly as this.
